American Council of Snowmobile Associations E-News

Snowmobilers Storm Capitol Hill

The buzz in Washington, DC April 18-20 was all about snowmobiling. Seventy snowmobilers from 22 states were talking with Agency decision makers, walking the halls of Congress and meeting with 300 members of Congress from snowbelt states.

That's grassroots in action. That's grassroots snowmobilers! That's what sets snowmobilers above and apart from the rest of recreation!!

Hats off to the 70 snowmobilers who traveled to DC and the 22 State Snowmobile Associations for their support. We told the Truth About Snowmobiling and made all of snowmobiling proud!

International Snowmobile Congress

Coralville, Iowa will be the place to be June 10-12 for the 42nd gathering of the International Snowmobile Congress. Leaders from all of the State Snowmobile Associations, Canadian Provinces, Sweden and Russia will discuss the opportunities and challenges that face snowmobiling.

Forest Service Planning Rule

Thank you to each of you that attended one of the many Regional Forums that were held across the country.

As you may recall, recreation was not one of the main issues that was being addressed. Because you took the time to attend these Forums, the Forest Service management team heard our plea and now recognizes that "recreation" should be a sustaining principle when managing our National Forests.

We will keep you advised of the status of this Rule as it proceeds.

Thanks again for your participation! Your attendance made an impact!

ACSA unites the snowmobile community and is proud to be your voice for snowmobiling on national issues.

Please contact the ACSA office if you have any comments, concerns, ideas, suggestions or questions.
